

Can't Take It With You
Estate Sales

VIP PACKAGE

This package is ideal for our customers who have a large amount of inventory or estates with large quantity of high-end inventory items that require professional appraisal services. We take no chances by guessing the value of your high-end inventory items and rely on the expertise of appraisers. If your estate has high-end items such as fine jewelry, fine art, firearms, or rare items, the Pro package will be the best service option for you.

Other factors to consider when selecting a service package for your estate is whether you will need the remaining inventory removed from the home after the sale has concluded and whether you will need your home cleaned and prepared for listing with a realtor. With the VIP package, we take care of every aspect of liquidating your estate. Remaining high-end inventory after the sales event may be listed for consignment or auctioned to ensure you get the best value for your valuable items. Additionally, all other remaining inventory will be removed and the home thoroughly cleaned and prepared for sale.

With this package, we anticipate that your sale will be set up in 2-3 weeks; remaining high-end inventory will continue to be marketed on social media sites where appropriate and/or be placed with auction services; all other remaining inventory will be removed from your home following the sale event; and your home will be professionally cleaned and prepared for sale. This package includes the following services:

1. Identify inventory & inventory preparation
2. Master inventory list
3. Research the fair market value of your inventory
4. Professional appraisal for high-end inventory
5. Individual pricing of your inventory
6. Staging and organization of your inventory
7. Pre-Sale waste removal
8. Advertising/Marketing/Social Media exposure
9. Professional management of sale event
10. Removal of remaining inventory from the home after completion of sale
11. High-end inventory placed on consignment or auction services for continued liquidation.
12. Home professionally cleaned and prepared for listing.
